Once you have **successfully submitted** an application to the program

b) The maximum "**turnaround**" time for application processing is 10 business days.

c) If you receive an **application received** message, your application is being processed and you should expect an application status message to follow eventually.

d) If you receive an **application accepted** message you have met the criteria to participate in the program and you will be **booked** in the course automatically, you may **disregard** any messages directing you to book a course.

e) If you receive an **application denied** message your records indicate you do not meet the criteria. If you believe you do, contact AFCLC (via afclc.enroll@us.af.mil) for further information.

f) If you receive an **application not selected** message it means the number of applications submitted was so far in excess of the available seats that yours was not processed.

Enrollment Directions

Note: We accept applications until the Application Window has closed. However, once the course has filled up, we will stop 'processing' applications and if the volume of applications grows too large, we may close the Application Window early.

What happens now that your application has now been accepted into the program?

Applicants will be prioritized according to registration submission date/time. Those who submitted earlier will have priority over those who submitted later. Registrants will be enrolled in this order up to the number of seats available in the course.

Please note: To maximize opportunities for all Airmen, those who are already enrolled in another AFCLC course, which runs simultaneously, will be given a lower priority than those who are not enrolled in any other AFCLC course.

We will send you a notification e-mail no later than the Enrollment Notification date (see Academic Calendar) announcing whether or not your enrollment request was successful. If you were successful, it will contain details on when you can login, where to login, and your username and your password.

If you receive an unsuccessful notification e-mail, it means there were not enough seats to allow your enrollment.

IMPORTANT: "Enrollment Confirmation" (NO SHOW) Procedures

If you are successfully enrolled in a course you MUST login to the Canvas LMS, access the course and complete ALL the pre-course events by the Enrollment Confirmation Date, which is the 7th day after the Class Beginning date. If you have not completed these items by the end of the first week, you will be considered an enrollment NO SHOW.

Note: Don't worry! You don't need any advanced preparation for the pre-course events. As orientation and program evaluation tools they are a requirement to participate, but they are not part of your grade.
