

# BIOGRAPHY

**UNITED STATES AIR FORCE**

## **CHIEF MASTER SERGEANT ALEX J. EUDY**

Chief Eudy is the Commandant of the Air Force Senior Noncommissioned Officer Academy (AFSNCOA) at Maxwell Air Force Base, Gunter-Annex, Alabama. As the Senior Enlisted Leader (SEL) for the second highest tier of USAF Enlisted Professional Military Education, he champions the deliberate development of 1,800 SELs and Staff Senior Non-Commissioned Officer students annually from across the U.S. Air Force Total Force, Sister Services, and International Partners. His duties include the development and oversight of the Academy's 25-day course, its' 53 instructors and support faculty – and their ultimate execution of 6 iterations encompassing the topics of organizational leadership, national military & airpower strategy, and integrated deterrence for strategic competition. These modules culminate in a joint warfighting capstone focused on whole-of-government solutions for pacing threats. Additionally, AFSNCOA delivers air-minded educational solutions via mobile education teams for allies and partners, informs HQ-AF EPME Policy, and supports Joint Staff J-7 initiatives that foster development of the United States Armed Force's SNCO and Chief Petty Officer Ranks.

Chief Eudy grew up in Littleton, Colorado and entered the Air Force in August 2004. His background includes various roles across the Special Operations Weather Team (SOWT) and Special Reconnaissance (SR) career fields at all military command echelons including SOF special duty positions – focusing on force utility, employment, and professional military education. Additionally, his expertise in DoD Warrior Care has been used to formulate programs and policies for the Armed Forces Branches and Combatant Command requirements, supporting the Undersecretary of Defense for Personnel and Readiness. His assignments include bases in Germany, Florida, Washington D.C., and California. Prior to his current assignment, he served as SEL, Air Force Special Operations Command (AFSOC) A5/8 Directorate, HQ AFSOC, Hurlburt Field FL – wherein he advised the Director and 120 project officer's efforts in programming, requirements, strategic plans, basing, and innovation. Additionally, he served as enlisted advisor to USSOCOM for joint force research, test, evaluation, and capability integration for aircraft systems, mission enabling forces, and the Special Tactics Weapon System. He has deployed in support of OPERATION ENDURING FREEDOM.
