MEMORANDUM FOR AIR FORCE SENIOR NCO ACADEMY STUDENTS

FROM: AFSNCOA/CO
550 McDonald Street
Maxwell AFB, Gunter Annex AL 36114-3107

SUBJECT: Commandant's Personal Welcome

1. Welcome to the United States Air Force Senior Noncommissioned Officer Academy. Congratulations on your selection to attend the third tier of Air Force Enlisted Professional Military Education. You have worked hard to get to this point in your military career and have proven your character and competency for scholarship. Know that our instructors and staff stand ready to prepare you for the challenges faced across the conflict continuum. The air domain is contested more than ever before, and as a Total Force we must deliver the overmatch the joint force requires.
2. The conditions of the future operating environment will be unforgiving, but you are the right SNCO for the problems that we face. Whether building multi-functional teams at home station or tackling the phases of your unit force generation cycle, to deterring great power malign actors by pushing aircraft forward in support of international norms, reinforcing collective security alongside allies and partners, and ensuring the defense of not only our homeland but U.S. National Interests abroad. We will prepare you to tackle these circumstances and more; all through the lens of organizational leadership, integrated deterrence, and strategic competition, culminating in a warfighter focused capstone.
3. As you prepare for your TDY to Maxwell Air Force Base Gunter-Annex, take stock in what you already know as a practitioner of Air-Minded solutions. Your experiences in the garrison environment, forward deployed, in exercises with allies and partners, and engagements in conflict zones around the world have readied you for this course. We promise that you will be challenged, as your preparedness for roles as Senior Enlisted Leaders and Staff Senior Non-Commissioned Officers is our task – and the commanders we serve deserve nothing but the best.
4. I look forward to spending time with you in our classrooms and advancing our knowledge of national defense together. When you walk through our doors on day one - bring your all – and know that we are committed to your success.

ALEX J. EUDY, CMSgt, USAF
Commandant, Air Force Senior NCO Academy

History

In 1972 CSAF Gen. John Ryan signed US Air Force Decision Number D-72-8, formally establishing the Air Force Senior Noncommissioned Officer Academy (AFSNCOA). In 1986, the main building that houses the SNCO Academy was renamed Kisling Hall in honor of CMSgt Richard D. Kisling. The AFSNCOA became the highest level of Enlisted PME until the creation of the Chief's Leadership Course in 2005, over 30 years later. In a post-retirement interview, CMSAF Don Harlow proudly spoke of his hard work and advocacy toward this effort stating, "I thought it was the greatest thing he ever did." The inaugural class graduated on 3 March 1973. Among the 120 graduates were three future CMSAF's: Thomas N. Barnes, James M. McCoy, and Sam E. Parish. History was made in 1983 when the Commandant position changed from Officer to Enlisted. CMSgt Bobby G. Renfroe a 1976 graduate of the course, was selected as the first enlisted commandant and served in the position until 1986. The AFSNCOA began its International Military Student (IMS) program in 1990 and graduated its first IMS out of Class 90E.

You may call the Nurses Line for a consultation with a registered nurse at 1-800-874-2273.

Instructor Recruitment

The AFSNCOA experiences a large turnover over every year due to PCS, retirements, and promotions - therefore, we hire instructors year-round. The Prospective Instructor Brief (PIB) is an informal brief with question-and-answer time held during the course. You can learn about the duty requirements and application process for yourself or others at home station who may be interested

in becoming an instructor. Keep an eye on the schedule for the meeting time (typically during lunch). Attending the brief does not obligate you in any way.

Academic Freedom

AUI 36-2602, Total Force Development, Academic Freedom is a key tenant and is essential to advancing scholarship as it relates to the AU mission. Students and faculty must be free to pursue knowledge, speak, write, and explore complex and often controversial concepts and subjects (physical and virtual). Academic Freedom allows for the privilege of debate with discretion on any subject related to EPME curricula. Additionally, it encourages visiting lecturers, faculty, and students to express their opinions and support subject matter while pursuing knowledge, understanding and improvement of the military profession. Students

may engage in responsible classroom discussions of controversial topics; however, this policy does not authorize the use of offensive remarks, irresponsible statements (sexist comments, racial slurs, etc.) or profanity. Temper academic freedom with good judgement and if offensive or disparaging remarks are made, or UCMJ violations are identified the individual(s) involved will be counseled and disciplined accordingly.

Non-Attribution

As specified in AUI 36-2602, faculty and students are prohibited from attributing any statement, comment, or remark to participants by name in public media or forums, or knowingly transmit to persons who will enter statements into public arena unless specifically authorized to do so. Statements, disagreements, and other comments made by individuals or groups in the educational forum are protected through the practice of non-attribution. Communication among students and faculty is privileged information; neither will reference statements to a specific individual or group of individuals. Safeguard statements and other comments made by guest speakers, instructors, or students by using general statements such as “a previous speaker” or “in our flight we discussed” but do not identify speaker by name. Permission must be obtained from speakers and the school before releasing or discussing remarks made outside the academic environment.

Academic Integrity

AETCI 36-2909, *Recruiting, Education, Accessions, and Training Standards of Conduct* establishes prohibitions against cheating, plagiarism, misrepresentation, and other violations of academic integrity. Academic integrity is defined as the belief in honesty and an intolerance of acts of falsification, misrepresentation, or deceptions. Students who violate academic integrity standards of conduct are subject to administrative action and/or prosecution under Article 92 of the UCMJ. Violations include, but are not limited to, cheating, plagiarism, and misrepresentation.

Academic Rigor

The AFSNCOA curriculum is designed to challenge you and force you to think outside of your normal patterns, to focus on the “Up and Out” beyond your own career field, organization, or base. The reading, research, and assignment preparation is demanding but not overwhelming. It is encouraged that you do not

perform home station duties while you are attending AFSNCOA. It is **HIGHLY encouraged** that you are not enrolled in any off duty or extracurricular education.
