

# GEN IRA C. EAKER AWARD

The *Air & Space Power Journal (ASPJ)* is re-establishing the Gen Ira C. Eaker Award competition to recognize the best feature articles written for the *Journal*. The Eaker Award honors airpower pioneers and is made possible through the generous support of the Air University Foundation. All military personnel below the rank of colonel (O-6) or government civilian employees below GS-15 or equivalent are eligible. If you would like to compete for the Eaker Award, submit a single-author feature-length article to *Air & Space Power Journal* via email at [aspj@us.af.mil](mailto:aspj@us.af.mil). If *ASPJ* publishes your article, it will automatically be entered in the competition. Articles that meet the stringent qualification criteria are judged by an esteemed panel selected from the *ASPJ* Board of Reviewers. Winners will be announced in the winter 2019 issue of *ASPJ*.
