

Graduate School (AFIT/EN) Student Demographics

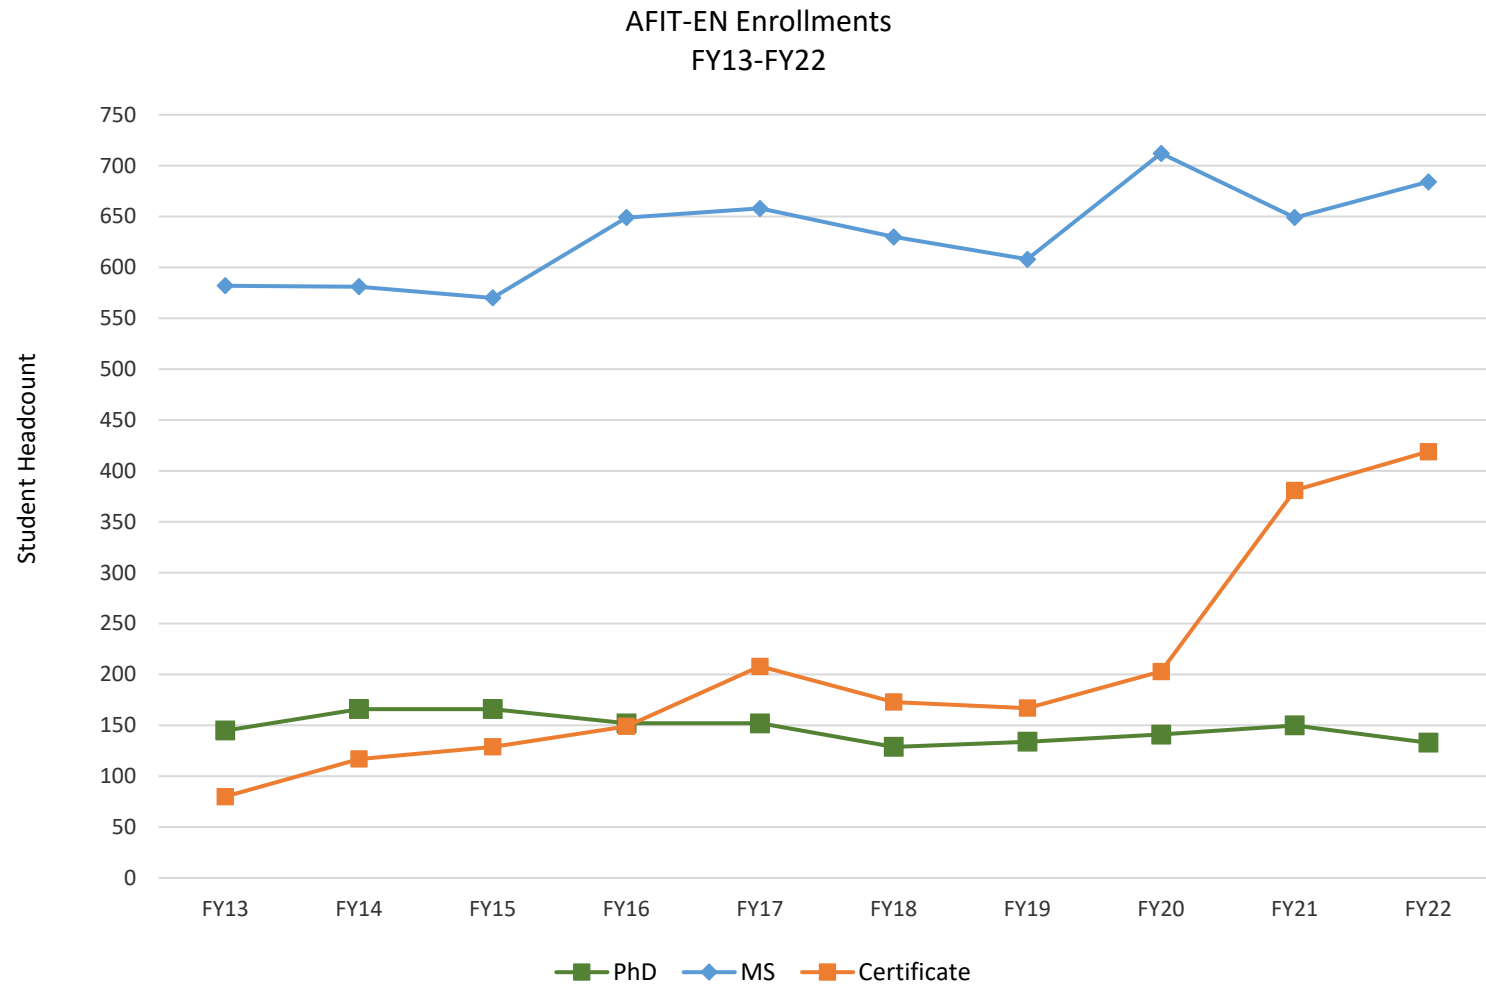

- Data Source: Dr. Andrea I. Bakker, AFIT/ENWI
- Counts of all Certificate, Master's, PhD, or non-degree (master's-level) enrolled students during the fall quarter, including:
 - Quota and non-quota students
 - New and continuing students
 - Air Force and non-Air Force students
- Students are counted once for each level (PhD vs. master's) in which they are enrolled. If a student is enrolled in programs at two levels, the student is counted once for each level.

Diversity

- The Graduate School's student body has increased in diversity from FY18 to FY22

- Ratio of men to women changed from 6.4 to 4.9

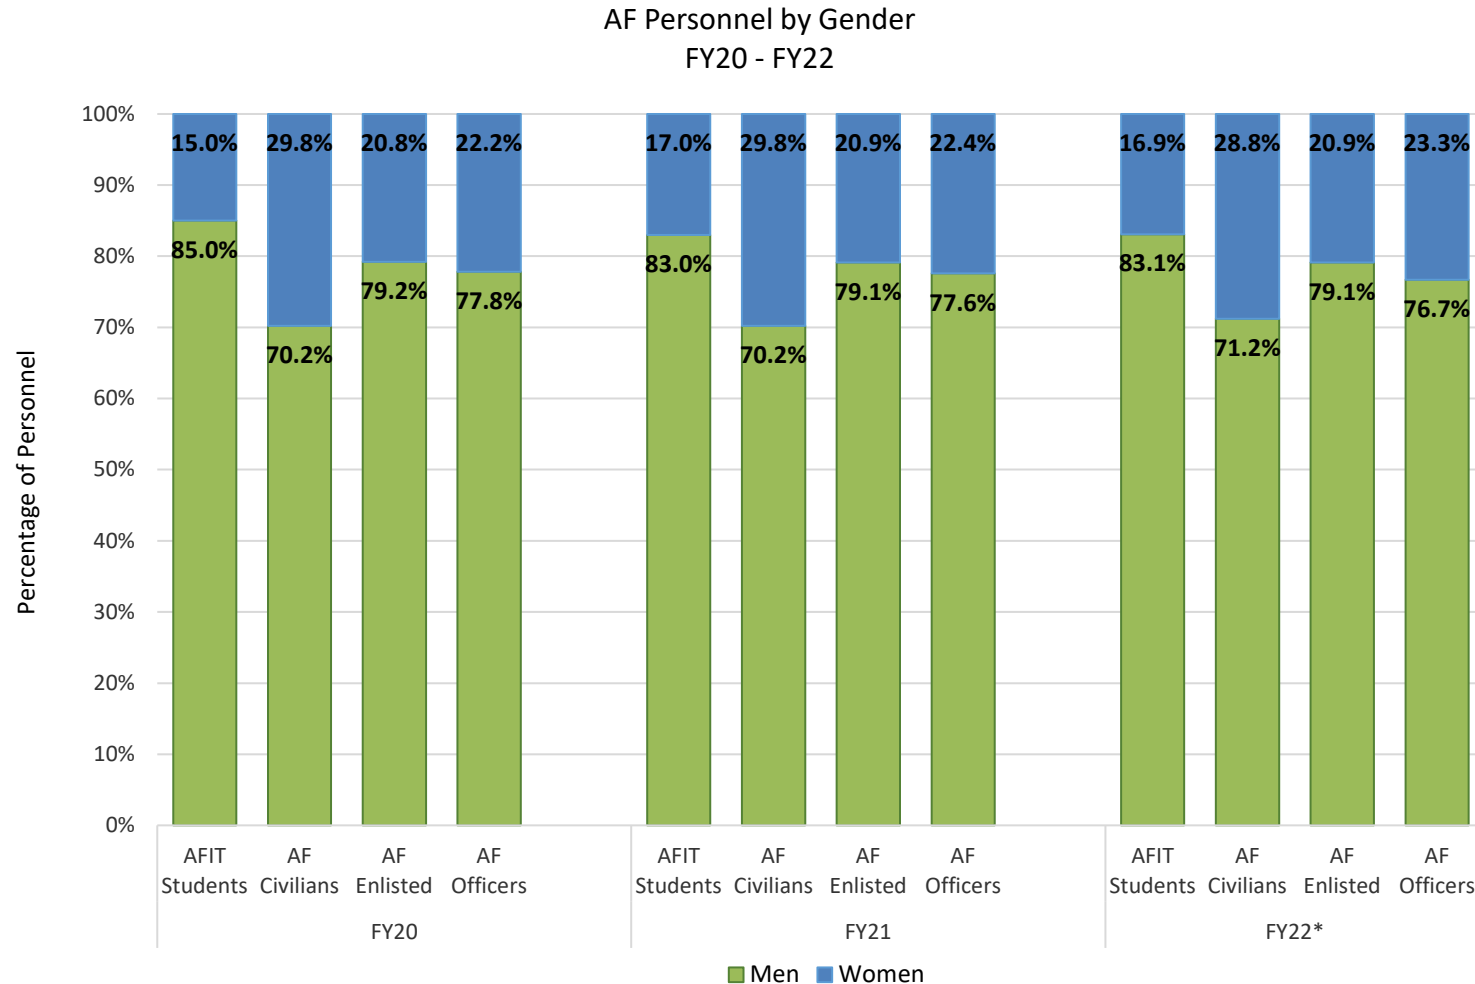

Diversity

- Comparisons with overall Air Force personnel, based on AFPC data.

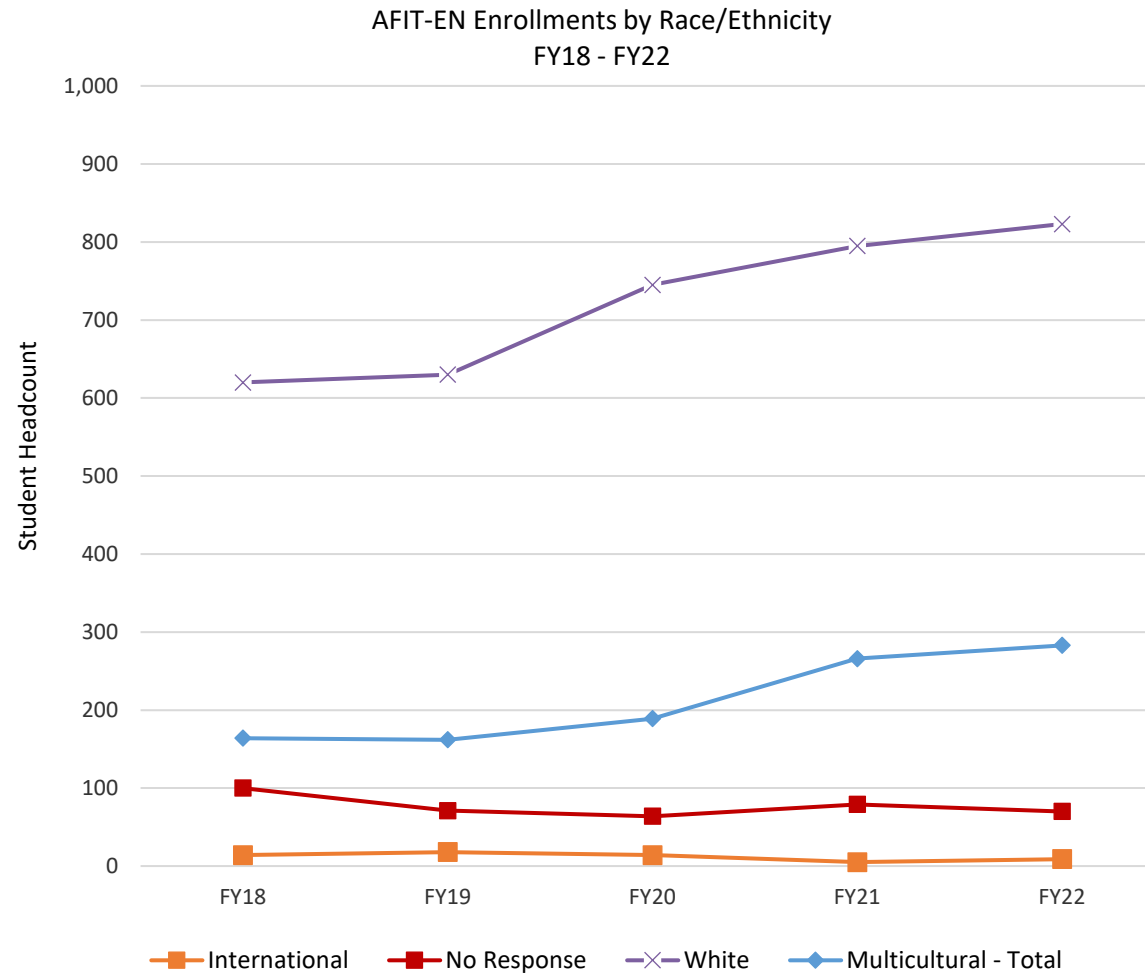

*Due to limited data access, AF Civilian, Enlisted, and Officer data are based on FY23.

AFIT: The future of Airpower starts here!

Diversity

- Ratio of white to multicultural students (total) changed from 3.8 to 2.9

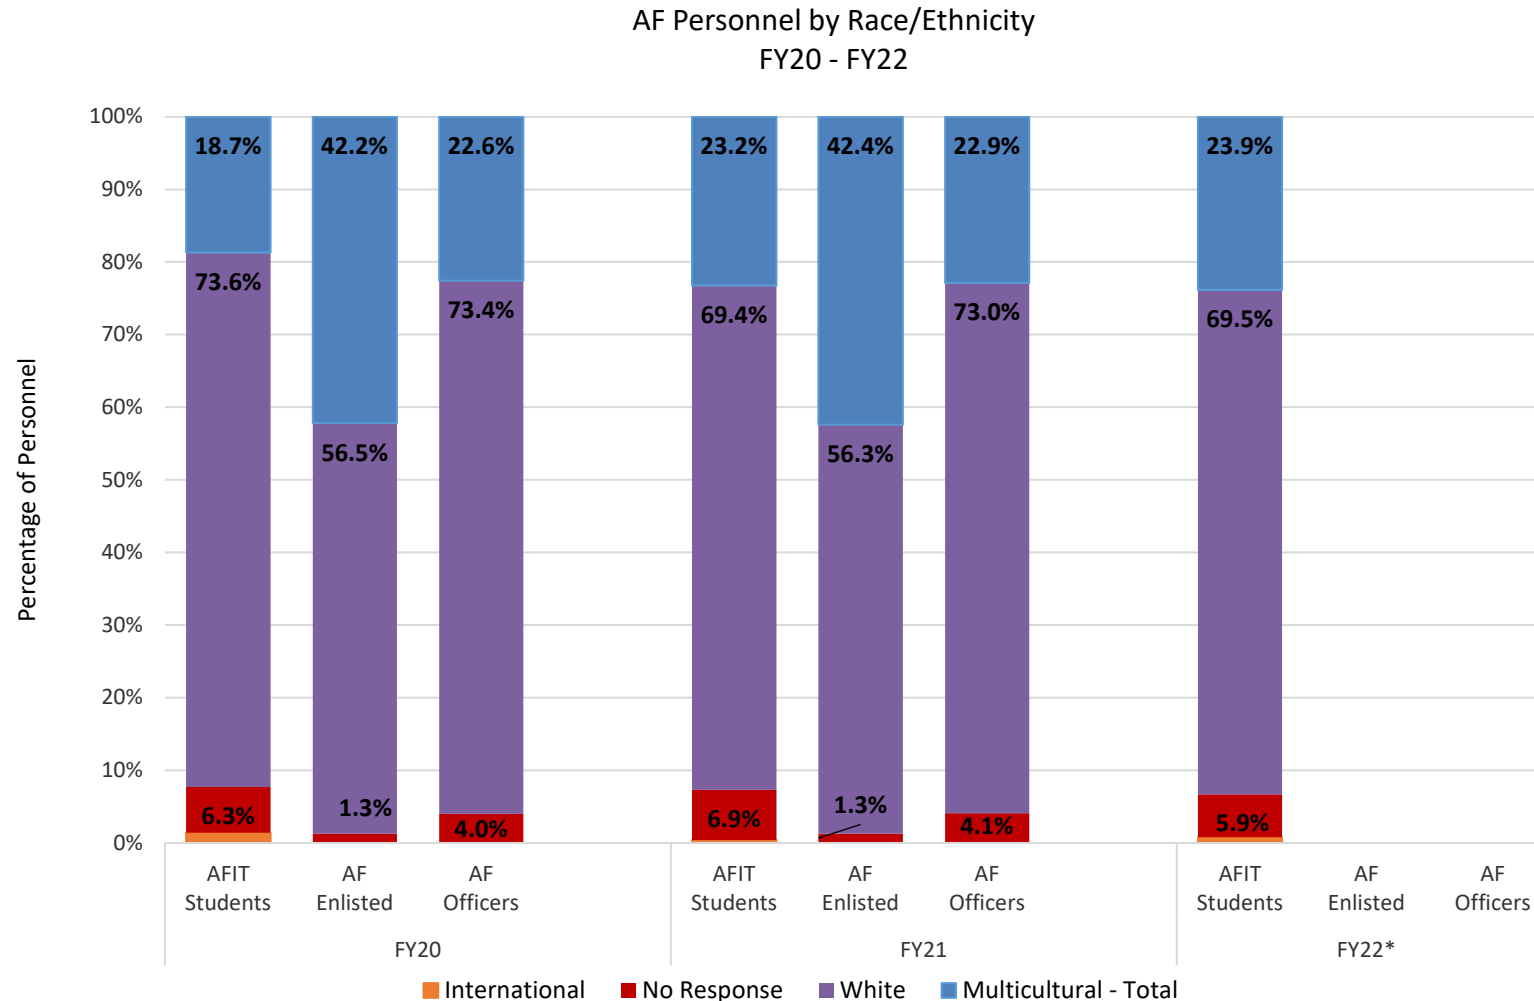

Diversity

- Comparisons with overall Air Force personnel, based on AFPC data.

*FY22 AF Civilian, Enlisted, and Officer data are currently unavailable.

AFIT: The future of Airpower starts here!

Range of Specializations

- Summary of FY22 Academic Specialty Codes (ASCs) provided by AFIT:
 - Total ASCs assigned to students: 71
 - Average # of ASC's per active major: 3.28 (programs that offer MS and ME are counted as one program)
 - Max ASCs: 11 (Aeronautical Engineering)

Excludes: Students with no ASC Code, non-degree students, and students in inactivated programs and programs that are no longer accepting new students

Example Fluctuation for Specializations
