Overview

Purpose: ISR 200 is an intermediate skills course principally designed for 14N Captains and civilian equivalents. The course aims to improve understanding of how Intelligence, Surveillance, and Reconnaissance (ISR) operations are integrated across all domains of military operations—primarily at the operational level. It is intended to better prepare CGOs for increased leadership roles and responsibilities within the Intelligence Community (IC). It is an in-residence, professional continuing education (PCE) course taught at the TS/SCI level with a pass/fail grading system.

Method: 4-day seminar style course taught by multiple instructors. Supplemental readings are available outside of the classroom to add to discussions.

End State: All 14N Intelligence Officers that complete ISR 200 should understand how the ISR functional competencies integrate across domains, how ISR Airmen drive operational decision making, and understand the current challenges across the ISR enterprise at the operational level.

ISR 200 Faculty Contact Information

Comm: (334) 953-5313

DSN: 493-5313

NIPR email: LEMAYCENTER.IN.ISR200@us.af.mil

FOR SOS REPORTING INSTRUCTIONS visit:

<https://www.airuniversity.af.edu/SOS/>

Administrative Information

Enrollment

Active Duty: Enrollment into ISR 200 is automatic through the Oracle Training Administration (OTA) system. All 14N students enrolled in SOS will be enrolled in ISR 200, unless previously identified as not attending. Students will receive a training RIP for ISR 200. It is up to the student to confirm/deny attendance through the formal RIP process and by having a conversation with their commander or equivalent. If you do not have your ISR 200 Training RIP by 28 October, please contact Capt Jacob Murphy.

NOTE: At the 2019 Spring Developmental Team (DT) Summit, it was determined that ISR 200 is mandatory for all individuals attending SOS in-residence. Waiver authority for not attending the class must go from your Wing Commander or equivalent to your MAJCOM/A2 to LeMay Center/IN. If you are unable to attend ISR 200 for any reason (personal or ops related) please let us know as early as possible so we can disenroll you from the class.

Guard/Reserve: ISR 200 enrollment will not be automatic. Seats have been allocated to your applicable component (ANG/AFRC) and will be processed through your normal formal training request process.

Time

ISR 200 will be held from approximately 0730-1630 daily.

Location

ISR 200 will be held at the LeMay Center Wargaming Institute (Bldg 1406).

Dress

The dress for ISR 200 will be OCPs for military and business casual for all civilian participants.

Clearance

ISR 200 will be held at the TS/SCI level. **PLEASE pass your clearances as soon as possible after you sign your training RIP.** We will check your clearances in JPAS prior to the start of the class. **You must have SCI (SI, TK, H, G) reflected in your JPAS profile. If you do not, please work with your local SSO. If you are unable to get this complete, our LeMay Center SSO's will support on a case-by-case basis.**

The preferred method for submitting clearances is via JPAS.

- JPAS SMO code: SSO AU (Please type SMO code exactly as listed)
- POC: Ms. Ceressa Rice
- POC Phone: 334-953-6715
- Date of Visit: 7-10 Nov 2022
- Reason for Visit: Participation in ISR 200 Class 23A
- Names of visitors:

Orders/Funding

Active Duty/Reserve will have access to the LeMay Center Intelligence cross-org fund cite (22 NEW ISR 200) in DTS for the additional days of lodging and partial per diem for ISR 200. All other expenses (travel, SOS lodging/per diem, rental cars) should be allocated to the SOS or unit fund cites (See DTS instructions PDF in your email). If you are in PCS status with TDY in route, please let us know and we will create a memo with the course details and fund cite to be added to your PCS order amendment.

Guard: Utilize your applicable formal school funding for both SOS and ISR 200. ISR 200 is an ANG School-Day Funded course. For questions, contact your local Base Education and Training Manager (BETM).

Billeting/Per Diem

All students will stay at the University Inn at Maxwell AFB unless accompanied with family members, given prior approval by SOS staff, or through notification of non-availability. LeMay Center cadre will coordinate your reservation. You will not need to book lodging through DTS unless you are notified to do so. You will be receiving the same proportional meal rate (PMR) rates that you received during SOS. The PMR is appropriate due to the dining facility's availability for breakfast and dinner. Lunch is not available for SOS/ISR 200 students.

Transportation

Rental cars are unit funded. Of note, several students tend to bring their own vehicle to ISR 200/SOS. If you do not have a rental car and need a ride, please coordinate with other members of the class regarding car pool needs.

Course Materials

All course materials (schedule and any supplemental readings) will be posted on the ISR 200 Slack channel. You will receive an email on your NIPR account inviting you to join the ISR 200 Slack channel. Follow the login instructions on this email.

Day 1 Expectations

Come prepared to present your career experience, describe your unit's mission, your ISR-related deployments, and education/training experiences.

Electronic Devices

Cell phones, pagers, thumb drives, smart watches (of any type) and other similar electronic devices are not permitted in the facility. There are storage lockers for these devices in the LeMay Center Wargaming Institute lobby.

You are highly encouraged to bring a personal computer with ZOOM.gov capability to use in lodging and/or outside the classroom. You will find this beneficial for both ISR200 and SOS.

Parking

Students may utilize the parking lot adjacent to the base tennis courts at the corner of Chennault Cir and March Rd.
