We continue with two perspective articles. Lt Col Oswal Sigüeñas Alvarado, Peruvian Air Force, presents his “Analysis of the Employment of the Principles of Peruvian Aerospace Military Power” on the occasion of the 25th anniversary of the Cenepa conflict.” Finally, we conclude with an article from Capt Jeremy S. Driggs, USAF, on “Legal Lessons in Interoperability - My Time at Inter-American Squadron Officer School,” in which he discusses the valuable lessons that can only be obtained by our American Air Forces training together, from his view as both an attorney and an officer.
