# TABLE OF CONTENTS

**Officer Training School is committed to producing 50% of the Department of the Air Force Officers each year.**

**The demographic makeup of trainees attending the school over the past five years includes 68% Active Duty, 17% Air National Guard, and 15% Reserve Air Force. We are proud of the total force structure. Our faculty and staff also represent Active Duty, Guard and Reserve.**

**The experience level of trainees is diverse, including those with advanced de-grees, prior service, non-prior, and from all service components, which con-tributes to the Total Force Officer Training.**

# ORIENTATION GUIDE

## Welcome

Congratulations on your selection to attend the Department of the Air Force Officer Training School (OTS). You are about to embark on one of the most transformational leadership development experiences within the profession of arms. Our mission is to develop **Warrior-Minded Leaders of Character** committed to our **oath, values, and creed**. As warriors, you must demonstrate and prove your **moral courage, physical courage, resilience, and a hardiness of spirit** to serve and lead in the profession of arms. Tough days lay ahead, so before you arrive to our campus know your "why." Why are you choosing to be part of the 1% that serve in the US Armed Forces? With your compelling "why" you can live and lead through any "what" or "how." OTS is purposefully challenging, standards are high, and training intentionally rigorous, so be prepared mentally and physically for the demanding environment you are about to enter. This guide is meant to provide you guidelines and helpful hints. However, use your best judgment on how you best prepare for OTS.

Our OTS faculty and staff are highly motivated, exceptionally talented, and extremely dedicated to teaching and developing future leaders to effectively deter and defeat 21st Century threats. Our team is here to guide you through the developmental process, but your transformation depends on your commitment to live with honor, lift others, and elevate the performance of your teams. We look forward to investing our best in your progression as **Warrior-Minded Leaders of Character, who embody a disciplined mindset willing to accept challenge, persevere, and overcome for those we serve**. Thank you for answering the call to serve and lead our Airmen and Guardians.

Always with Honor!

## Program Methodology

Officer Training School is a highly competitive selection process with an average of 4% of applicants getting selected to attend.

Officer Training School is the right commissioning source for the right people at the right time. Unique in its demographics, OTS provides commissions for Space Force, and all Air Force components, including Active Duty, Air National Guard, Air Force Re-serve. Additionally, OTS is the accession program for the Health Professional Scholarship Program, and Uniformed Services University of Health Sciences.

Officer Trainees will learn and develop the skills needed to succeed in challenging and demanding environments. Trainees hone their skills as a multi-capable airman and gain the great power advantage through cutting-edge problem-solving techniques and practical application. The rigorous process here includes assessing professionalism, communication, war-fighting, leadership and mission execution.

The OTS methodology fuses the elements of education, training and development to produce Warrior-Minded Leaders of Character who are committed to their oath, values and creed.

## ORIENTATION GUIDE

# KEY TERMS

## Key Terms

**Officer Trainee (OT)** All trainees (regardless of rank) who assigned to OTS are referred to as Officer Trainees (OTs).

**Direct Commission Officer Trainee** is commissioned into specific professions in the United States Air and Space Force prior to arriving at OTS. These professions include Medical, Judge Advocate, Chaplains, Space and Cyber. This category of OT have already taken the Oath of Office and wear their commissioned rank.

**Officer Training School Abbreviated (OTS-A)** course is designed for specific medical professionals from all Air Force components, including Active Duty, Air National Guard, Air Force Reserve, Health Professional Scholarship Program, and Uniformed Services University of Health Sciences. The program is 32 training days and is strategically designed to graduate these officers with basic level of the foundational competencies.

**Reserve Commissioned Officer Orientation (RCOO)** is a 2-week orientation course for hard to recruit medical professionals. Very few Air Force Specialty Codes (AFSCs) actually qualify to attend the orientation course. The syllabus is uniquely designed to prepare medical officers in the Reserve/ANG with the minimum knowledge to function as an Air Force Officer.

**Non-Commissioned Officer Academy (NCOA)**

**On-Ramp Program** Prior service Airmen and Guardians who have successfully completed NCOA will be offered the opportunity to participate in this program which gives credit for time served as an NCO. Participants in this program are expected to uphold the highest standards of professionalism, military culture, customs and courtesies, and teamwork. It is essential that NCOA On-Ramp Officer Trainees confirm that their records accurately reflect the appropriate level of PME completed. Refer to NCOA+ reporting instructions.

## ORIENTATION GUIDE

## Getting Started in WINGS

After a trainee is rostered in a class through the Holm's Center Wings system, two emails will be sent from wings@holmcenter.com.

Login ID will be in one email

Password will be in a separate email

Check your "spam" and "junk" folders (based on user settings)

After you have logged into Wings, it is imperative that you enter/verify the accuracy of the following information on your WINGS profile:

- Name and Rank
- Age
- Gender
- Social Security number
- Email Address (please do not utilize .mil addresses)
- Phone Number
- Commissioned AFSC/SFSC
- PME Status for NCOA+ Eligibility

It is your responsibility to double-check all information provided in Wings since this generates your Graduation and Commissioning documents. Any errors made before arriving at Officer Training School could result in inaccurate information printed on your documents. It is critical that you review everything meticulously before submitting it.

If you have not received the WINGS emails 30 days out from class start, ensure the correct enrollment (email) information has been loaded by your unit training manager. We recommend not using .mil or .edu email address in Wings.

**ORIENTATION GUIDE**

## WINGS Pre-Course Assignment

Completion of Pre-Course Assignments (PCAs) is mandatory 10 days prior to arrival and all material is testable.

Failure to complete all pre-arrival requirements will result in the inability to in-process Officer Training School and you will return to your point of origin.

Search "Air University WINGS" in your browser

Look for "Curriculum and CBTs" on the WINGS homepage to begin the training.

Print out and complete the Note Taker.

Bring the completed Note Taker with you on arrival.

You will find that the Pre-Course Assignment is a comprehensive collection from Air Force Handbook 1. It is imperative that you comprehend and retain the information from the PCA as it will prepare you for training and be a resource as you begin your career.

# PRE-COURSE ASSIGNMENTS

### OTS Special Instructions (OTSSPINS)

The OTSSPINS is the operations manual and expectations for OT performance while at OTS. The PDF copy is on the OTS website and trainees will consider memorization of the material as part of the Pre-Course Assignment requirements.

Officer Training School staff will expect trainees' behavior to align with this document. Demonstrating knowledge of the procedures is expected on arrival to OTS.

## ORIENTATION GUIDE

## Medical Requirements

Officer Training School has partnered with Intake Q, a commercial HIPAA compliant data collection portal, for all medical in-processing items. All OTs will receive an email with instructions from [ots.medical.mdsf@us.af.mil](mailto:ots.medical.mdsf@us.af.mil), 30 days prior to arrival and must be completed 14 days prior to arrival at OTS. It will outline required items, immunizations, and questionnaires that need to be uploaded prior to arriving at OTS.

The logo for IntakeQ, featuring the word "intakeQ" in white lowercase letters on a blue rectangular background.

ALL documents must be uploaded to this system. Please do not hand carry your medical records.

- Sickle Cell Trait (SCT) and G6PD screening test results should be uploaded to Intake Q to prevent delays in individual physical fitness training. Those who have pending results or have not been tested, will be tested and treated as if the risk is present and may be restricted from using the Fitness Center.
- Questionnaires
- Copies of their immunization records, titers, ASIMS/MyIMR records, AF Form 469 and AF Form 422 into Intake Q.

**Officer Trainees on medical profiles may not attend OTS without an approved medical waiver** (which will be generated from a qualifying AF Form 422). The medical waiver must accompany an OTS level waiver and will be submitted to [ots.medical.mdsf@us.af.mil](mailto:ots.medical.mdsf@us.af.mil) NLT 14 days prior to class start date.

If you require a waiver, email [ots.medical.mdsf@us.af.mil](mailto:ots.medical.mdsf@us.af.mil) immediately upon notification of selection for OTS class. The staff will further assist you in coordination of the waiver process in accordance with DAFMAN 36-2032. **OTS Commanders reserve the rights to deny a waiver based on course requirements.**

Pregnant OTs may not attend training. OTs may not attend training 6-months post-partum without their medical provider's written approval and AETC/SG concurrence.

Post-partum members must be able to pass an accessions full component physical fitness assessment (PFA) while at Officer Training School in accordance with DAFMAN 36-2032.

Direct all medical questions to [ots.medical.mdsf@us.af.mil](mailto:ots.medical.mdsf@us.af.mil) (due to HIPAA laws, DO NOT EMAIL MEDICAL RECORDS).

**You will be disenrolled from training for failure to complete all medical requirements prior to arrival.**

MEDICAL

ORIENTATION GUIDE

# MEDICAL

## Medical

Officer Training School has a dedicated medical team on campus to support the many health requirements of trainees, faculty and staff. However, all officer trainees should ensure they bring a 90-day supply of prescribed medications. Members are authorized and encouraged to bring over the counter medication such as Motrin and Tylenol.

The Maxwell AFB resources are intended to address acute issues. Significant trauma or medical requirements will exceed the capabilities of the OTS and 42d ABW clinics. Issues of this nature are referred off base for treatment.

The nurse advice line: 334-953-3368

The IDMT (Independent Duty Medical Technician) at OTS has several responsibilities. These include providing medical care for all OTs in accordance with regulations, advising OTS and squadron commanders on preventative health measures, conducting sick call on the OTS complex, and evaluating, triaging, and treating OTs during sick call hours.

The IDMT is also responsible for coordinating medical in-processing for OTs and re-viewing and collecting medical records. They assist with lab services and immunizations, maintain medications, and facilitate hearing tests. Additionally, the IDMT tracks communicable diseases as part of their public health duties.

## Finance Information

If you are new to the Air Force/Space Force or transferring components, anticipate potential delays in receiving your pay while attending OTS, due to the setup process of your finance account. These delays could range from weeks to months, depending on the accuracy of the pre-arrival information entered in the finance system. It's crucial to plan accordingly for this delay. In some cases, pay records may not be established before graduation. Therefore, it's highly recommended that you have at least \$2,000 accessible upon your arrival at OTS. It is your responsibility to develop a financial plan to support yourself and/or your family during your time at OTS. The 42d ABW Finance staff will address financial hardships on a case-by-case basis for OTs experiencing difficulties.

Prior Active Duty members, SrA (E-4) and below, ensure your rank is updated to SSgt (E-5) effective your departure date by your home unit.

All ANG/AFR OTs need to work with their home unit to establish pay through their respective systems/sites. The personnel section at OTS does not have access to update ANG or AFR records.

Direct Commission OTs prepare to pay for field meals with exact cash during in-processing. Those enrolled in the 8-week course will have \$64, while those in the 5-week course will have \$32.

### Air National Guard / Air Force Reserves Transferring to Active Duty

Prior to departure, it is essential to contact your home unit personnel section for updating in the Military Personnel Data System (MilPDS). Your home unit will initiate this process by placing you in the PASCODE ZB0JFQK9 with an SPD code KGM, effective one (1) day before your arrival.

Failure to be separated by your home unit will result in you not being properly gained and, consequently, not receiving payment until this process is completed.

If the home personnel section encounters any difficulties in completing these actions, they can reach out to Air Force Recruiting Services (AFRS) line officer accessions at (210) 565-0340.

### Verify your orders are correct prior to arrival

Verify you have the correct fund cite via the Education & Training Course Announcements (ETCA) website (CAC-enabled).

Base Allowance for Housing is paid based on with or without dependents, ensure DEERS is accurate.

# ORIENTATION GUIDE

Note 5: Defense Enrollment Eligibility Reporting System (DEERS) database contains information for each uniformed service member and their eligible family members. DEERS registration is required for TRICARE eligibility and enrollment. If you require any DEERS updates, bring a copy of supporting documents:

Spouse: Marriage certificate, valid ID, and Social Security Card

Children: Birth certificate and Social Security Card

Note 6: If you have been issued awards and decorations including other branches of the military, bring a physical copy.

Note 7: If you have a DD Form 4/1-4/4, Enlistment/Reenlistment Document – Armed Forces of the United States, bring a copy of all four pages of your most recent DD Form 4. If you have not been issued a DD Form 4, for a previous period of service, this doesn't apply to you.

Failure to provide all 4 pages will cause service date mismatch and will affect pay rates (O-1 vs O-1E). Reference DoD 7000.14-R. If you cannot obtain the full four page DD Form 4, your losing unit must reconstruct it.

Note 8: If you have been issued a DD Form 214, Certificate of Release or Discharge from Active Duty, bring two (2) physical copies of each DD Form 214. If you have not been issued a DD Form 214, for a previous period of service, this doesn't apply to you.

Note 9: AF Form 56, Application & Evaluation for Training Leading to a Commission in the United States Air Force. This includes SLECP candidates.

Note 10: One (1) copy of the certified Servicemember's Group Life Insurance (SGLI) from MilConnect.

Note 11: One (1) copy of the virtual Record of Emergency Data (vRED) certified within 12 months.

Note 12: If you have a record in vMPF, bring a copy of your full record. AFPC Secure > vMPF > Record Review/Update > View/Print All Pages > Print

Note 13: Make every attempt to upload medical records. If they are not uploaded before you travel, you will have to bring them with you and keep them secure.

For access to the base, all individuals must provide the following documentation: Common Access Card (CAC) or a copy of your orders/with a valid government ID. It's essential that the government ID is a license if driving is intended.

## Chaplain's Welcome

We are honored to have you here and confident that you will flourish as a leader and become the finest Air and Space Force officer possible.

As you prepare for your journey to Maxwell AFB, we want to remind you to bring any religious items that can enhance your spiritual resilience (such as faith books/devotionals, religious apparel, Eucharistic Mass kits, rosary, and/or prayer mats).

Please note that all religious materials must be secured with your personal belongings to maintain a pluralistic environment, per AFI 1-1 2.11.

If you have any concerns or queries regarding spiritual care needs, including religious dietary restrictions, please let us know ahead of time.

If your faith requires a specific dietary need (i.e., vegetarian, kosher, halal, etc.), grooming/apparel waiver or to worship outside the Sunday morning schedule, a religious accommodation request will need to be submitted to Chaplain Robyn Kleinschmidt NLT 14 days prior to arrival at OTS. If you already have a waiver, this should also be emailed 14 days in advance.

We are here to assist and support you every step of the way. If you have any questions or concerns, please contact us without hesitation.

Chaplain, Captain Robyn E. Kleinschmidt

ORIENTATION GUIDE

## Preparing for OTS Physical Requirements

Physical demands begin immediately.

Reference the MEDICAL section of this orientation guide regarding attempts to arrive on a medical profile.

**All OTs (to include NCOA+) must be prepared to satisfactorily complete the (Physical Fitness Assessment) PFA within a week of arrival to training.**

The OTS PFA consists of the following components: sit-ups, push-ups, and 1.5-mile run tests as detailed in DAFMAN 36-2905. You can find a detailed chart of the age and gender based requirements there.

Search YouTube for official USAF for demonstration videos. Scoring is based on execution of good form and number of repetitions for the components.

Officer Training School will not administer alternate test events without prior medical approval/waiver.

OTs should not attend OTS if they are unable to complete all components of the DAFMAN 36-2905 fitness assessment.

In accordance with DAFMAN 36-2905, the results will not be entered into the Air Force fitness management system of record.

The determination and outcomes for failure to meet the fitness standard are guided by the accessions regulation, DAFMAN 36-2032. Failure to pass a PFA while at training may result in disenrollment from the program.

Trainees will be given access to the OTS campus fitness center to maximize their fitness goals. Trainees must follow all rules as delivered by the staff.

OTs are expected to be fit enough to complete long distance runs, ruck marches, obstacle courses, and challenging group physical fitness training.

Trainees' willingness and determination to excel in physical training demonstrates the Warrior-minded Leaders of Character ethos.

# ORIENTATION GUIDE

**PREPARING FOR OTS**  
Physical Requirements

## Pre-arrival Uniform Information

All OTs should bring a printed copy of the packing requirements with them on in-processing day.

Recruiters can provide sponsorship for non-prior OTs to purchase uniform items at the OT's nearest AAFES military clothing store. OTs are encouraged to purchase required uniform items from the OTS AAFES Shopette after arrival to Maxwell AFB. Please contact AAFES to pre-order uniforms at 334-265-2429 or email [thomaspo@aafes.com](mailto:thomaspo@aafes.com). OTs are responsible for following Air Force uniform regulations. Only purchase uniforms/uniform items from AAFES clothing stores, this ensures all uniform items meet the DAFI. Purchasing uniform items at non-AAFES suppliers runs the risk of not meeting USAF/USSF requirements and is highly discouraged.

OTs are not permitted to wear one piece or two-piece flight suits or ball caps.

Uniform blouse should have Velcro® blank on chest for rank (does not apply to Direct Commission).

Name tapes and service tape will match, but may be either sewn or Velcro for OCP Coat/Patrol Cap.

Rank will be worn by Direct Commissioned OTs.

It may be pinned (hard rank), sewn, or Velcro®. The rank insignia will be appropriate color scheme for your service (USSF/USAF).

Note: The patrol cap does not facilitate Velcro rank.

It is important to note that the OTS Mini Base Exchange cannot support the excessive purchase of toiletries, medications, academic materials, etc. Also, opportunities to visit the BX will be very infrequent and are not guaranteed.

Air Force Physical Training (PT) uniform requirements will be in accordance with AFI 36-2903.

Space Force PT uniform requirements will be in accordance with SPFGM 2022-36-02.

The typical class sizes will be greater than 150 trainees.  
It's encouraged to work with your classmates to ensure everyone maintains proper dress and appearance standards throughout training.

# PRE-ARRIVAL Uniform Information

## ORIENTATION GUIDE

## NCOA+

Officer Trainees who are permitted to enter Officer Training School under the Non-Commissioned Officer Academy Complete (NCOA+) program are expected to meet several requirements.

- Bring SURF/RIP and or NCOA Completion Certificate to OTS.
- Ensure WINGS information is 100% accurate
- Ensure you are “Green” IMR (Individual Medical Readiness) in ASIMS
- Bring copies of the following:
  - NCOA Completion proof is located in your SURF/RIP.
  - Printed Physical Fitness Assessment (current through duration of program).
- Arrive in OCP utility uniform and exemplify the highest uniform standards in accordance with USAF/USSF uniform regulations.
- Demonstrate professionalism

Ensure you have read the entire Orientation Guide. Check the OTS website for NCOA+ On-Ramp reporting instructions.

Please note: This program is offered only to prior-service Airman and Guardians. Any sister-service trainees are required to attend the first week of Air and Space Force Ac-culturation. If a prior-service member attended a sister-service equivalent PME, that is acceptable.

Trainees will arrive on the morning training day 7, in-process, and join your class that afternoon for the remainder of the OTS course schedule.

## ORIENTATION GUIDE

NCOA+ REPORTING

## Helpful Hints

### Documents

Hand-carry all personnel documents; do not pack these documents in your checked bags.

Do not email any personal documents to 22 TRSS or Student Services. Turn in physical copies only; do not submit original documents.

Orders validation will be completed during in-processing. It is the officer trainees' responsibility to forward validated orders to their unit; failure to do so can result in pay issues.

Military resources for copies and internet use are not accessible by students.

### Communication

Hotspot: Officer Trainees are permitted to bring their own hotspots.

Cell Phone use: During scheduled military time (SMT) OTs have limited external communication opportunities. After SMT there are no restrictions and trainees should manage their time appropriately. It is the OT's responsibility to set the communication expectation with their family members akin to a real-world deployment or situation.

### Arrival

Late Arrival: See Reporting Instructions tab in OTS website

<https://www.airuniversity.af.edu/Holm-Center/OTS>

Clothing: Upon arrival at the OTS campus, you must be dressed appropriately. This includes a collared shirt (tucked in and buttoned), khaki pants (no capris, jeans, leggings, skirts, or dresses) with a belt, and athletic shoes with laces tucked in. NCOA+ report in uniform (OCP). See Reporting Instructions tab in website.

<https://www.airuniversity.af.edu/Holm-Center/OTS/>

Shaving: All Officer Trainees must arrive at OTS clean-shaven and hair dressed in accordance with USAF/USSF uniform regulations. No mustaches or beards are allowed in the training environment unless there is a documented and approved religious accommodation. Trainees who do not meet DAF standards will be turned away and will not be allowed to in-process.

OTs will not arrive to OTS with acrylic/gel/dipped nails or hair color which appears un-natural.

# HELPFUL HINTS

## ITEMS

Alcohol, inappropriate material, tobacco/nicotine and pets are prohibited on the OTS complex or at Field locations.

Firearms, ammunition, other weapons (e.g., knives), and/or multi-tools are not authorized at OTS.

Firearms and/or ammunition may not be stored in personally owned vehicles (POV) on Maxwell AFB.

The 42d Security Forces Squadron is unable to store weapons or firearms for OTs.

It is the OT's responsibility to research and find appropriate storage of weapons, firearms, and ammunition prior to arrival at Maxwell AFB.

There are establishments in the local area which offer this service.

## BEHAVIORS

Sexual harassment, discrimination, and unprofessional relationships WILL NOT BE TOLERATED.

All OTs will be expected to conduct themselves professionally and treat each other and staff with the utmost respect.

The honor code reinforces expectations that all Airmen will report incidences of unprofessional behavior.

To ensure a professional environment, trainees will complete multiple in-processing forms affirming their commitment and understanding of appropriate behaviors.

## AFIT Academic Education Record Update

Applicable to: **Active Duty Officers**

The Air Force Institute of Technology (AFIT) is responsible for maintaining the academic records for active duty, guard and reserve officers of the Department of the Air Force. Annually, AFIT receives thousands of transcripts. Upon receipt of college transcripts, the Coding staff determines the appropriate academic specialty code (ASC), and updates that data, along with the school code and academic level (baccalaureate, master's, doctorate, professional degrees), into the Military Personnel Data System (MILPDS). This information is used for assignments, promotions, AFSC determinations, and other personnel actions.

### **How to obtain an educational level update:**

To obtain educational level update, you must mail or email an official transcript from the university registrar's office to AFIT/ACB reflecting the degree progress or graduation. E-mailed files are preferred to be in Adobe Acrobat .pdf format.

**NOTE:** Most official transcripts do not include SSN or date of birth. If you have a common name, it is recommended that you contact the school to ensure that additional identifying information is on your transcript to ensure the Academic Coding Branch can locate you in MILPDS. If you have changed your last name, please ensure the last name on your transcript matches your AF records or the AFIT Coding team will be unable to locate you in the system.

**AFIT cannot accept diplomas, faxes, photocopies, student scanned copies, e-mail copies, screenshots, unofficial, opened, or "issued to student" transcripts (unless in the original, unopened/sealed envelope from issuing institution), enrollment verifications, or grade reports.**

Address all correspondence requesting updates to academic level to:

AFIT Academic Coding Branch (AFIT/ACB)  
2950 Hobson Way  
Wright-Patterson AFB, OH 45433-7765  
E-mail: [afit.msp.transcripts@us.af.mil](mailto:afit.msp.transcripts@us.af.mil)

Please allow 2-3 weeks for delivery and processing of traditional mail. AFIT only receives mail from the base postal center on Wednesdays and Fridays. Overnight post and email runs 1 week for processing. The individual will notice the update on the CDB in vMPF within 24 hrs of processing. If delivery confirmation is required, utilize certified mail, FEDEX, UPS, or Express Mail.

### **Transcript Fees:**

DAFI36-2678 para 5.1. Officer Updates. Officers are responsible for ensuring the accuracy of their education records annually. It is the officer's responsibility to contact the issuing institution and fund the cost of any requested transcript/documentation. DAF will not reimburse transcript fees. Again, please mail or email official transcripts and documentation from the issuing institution directly to AFIT/ACB.
