Welcome To SOS Class 22C!

SOS Reporting Guide
See our website for more details:
https://www.airuniversity.af.edu/SOS/
Welcome to the SOS In-Residence course!

During your stay here at Maxwell, you will experience the "LEAD to Prevail" curriculum with a flight of your peers.

You will conduct deep introspection, identify your strengths and weaknesses, and chart a course to improve. You will engage with each other on concepts of leadership and examples from across the Air and Space Forces. You will apply leadership competencies to solve complex, human-centered problems. You will apply lessons learned and incorporate diverse perspectives to address a range of complicated and complex challenges using multidisciplinary design approaches. You will also learn airpower doctrine, international relations theory, instruments of national power and joint all-domain operations, and practice applying your knowledge of leadership and complex problem solving to the business of Air and Space Power.

This guide along with the SOS 22C Welcome Letter will provide you with everything you need to know to be successful during this PME course.

COVID-19 guidelines: Please adhere to local base and area policies. Maxwell AFB is currently in HPCON Bravo, and there is currently a mask mandate for all personnel. If you have received a medical/religious exemption to the COVID vaccine, you will be required to wear a mask in the buildings on base and be tested for COVID weekly. If you have any further questions about local guidelines, consult your Flight Commander or reach out to Student Services. You may also consult the MAFB website https://www.maxwell.af.mil/.
