

# Air University Teaching & Learning Center NEWSLETTER

August 2019

The Air University (AU) Teaching and Learning Center (TLC) is the focal point for activities related to the enhancement of teaching and learning at AU. We provide resources, expertise, guidance and facilities to increase the ability of faculty to teach and students to learn.

## News

- TLC sponsored a group of five faculty members for a trip to the University of Alabama on 12 July. The team shared information exchanges with the UA Writing Center, the Faculty Resource Center and the Capstone Center for Student Success.
- TLC Writing Commons personnel participated in an international conference call of the Writing Center Consortium for Graduate-level PME (WCCG). Participants included all services graduate level PME schools and representatives from the Royal Military College of Canada.
- Access to Stata software is now available via the TLC, (<https://www.stata.com/>). If you need powerful statistical processing, contact the TLC to have this software installed on your NIPR or non-NIPR device.
- During his visit to AU on 30 Jul, Col Max Lantz, Commandant, National Security Space Institute (NSSI) dropped by TLC for a tour and discussion on resources for faculty development and student support.
