Strategic Communication OLMP Transition from AIR UNIVERSITY to ARIZONA STATE UNIVERSITY systems for Fall A 2020

BLUF: AIR UNIVERSITY WILL BE TRANSITIONING COURSES TO THE ARIZONA STATE UNIVERSITY SYSTEM FOR THE FALL A TERM.

The eSchool of Graduate PME is transitioning our student registration system, courseware, and help desk functions from Air University (AU) systems to the Arizona State University (ASU) learning environment. This move should dramatically improve your student experience. The OLMP transition from AU to ASU involves a few critical dates. Pay close attention to the timeline below.

Timeline

- **26** July **2020** Final day to register for the Fall A term in the AU Portal. **This is 1 week earlier than previously published.**
- **26 July 2020** Final day to complete Summer B Orientation courses. Progress in incomplete Orientation courses will be lost.
- 26 July 2020 Final day to update Current Contact Email address (commercial email preferable) on AU Portal (https://auportal.sso.cce.af.mil) using a CAC. This is the email ASU will use to contact students for account creation.
- 27 July 24 August 2020 (Migration Window) During this migration window, no OLMP enrollments or course registrations will take place, and the OLMP Summer B courses will continue on AU Canvas. The end date represents our worst case scenario for data migration and validation. Be assured we will work towards minimizing the length of the Migration Window and will launch the OLMP program on the ASU system as soon as possible. We appreciate your patience. Summer B courses will NOT transition to ASU Summer B grades will be transferred to ASU after they are finalized.
- NLT 24 August 2020 OLMP students will receive emails from ASU (noreply-ulis@asu.edu) to their current contact email, as listed in AU Portal, to set up accounts and continue their PME journey on the ASU learning environment. Be assured we will work towards an earlier launch if possible. Please check on our website (https://www.airuniversity.af.edu/eSchool/ASU-Canvas-FAQs/) for the latest information on the OLMP launch date.
- 24 August 2020 Course access opens for the Fall A term on ASU systems.
- 31 August 2020 Fall A courses begin on ASU systems.
- 31 August 2020 Registration for the Fall B term will open in the ASU system.

Recommendations

- 1. Read any OLMP emails you receive in their entirety so you don't miss any important information on the transition.
- 2. <u>Register in advance of the registration deadline.</u> Give yourself time to ensure your registration was successful.
- 3. <u>Accomplish the Critical Steps below prior to 26 July</u> to facilitate your transition to ASU. See the FAQs below for additional details.

21.	I don't have a commercial email address. Can I use my .mil email?	7
22.	Does this mean my degree/diploma comes from ASU?	7

Critical Steps

1. For Fall A 2020 courses, register by 26 July 2020.

Registration for Fall A courses closes out on 26 July. **This date is 1 week earlier than previously published in order to facilitate the transition to ASU.** Although you will need to use the AU system to register for the Fall A term (prior to 26 July), you will actually take the course on the ASU system beginning on 31 August.

2. Update your Current Contact Email address (commercial email preferred) in the AU Portal NLT 26 July 2020.

We suggest you use a commercial email address for reliable access. This will be the email through which ASU will contact you for account creation. You can login to AU Portal and update your current contact email (https://auportal.sso.cce.af.mil/)

3. Make sure you have a copy of all assignment deliverables from your OLMP courses completed on AU Canvas.

Once you are on the ASU system, we cannot guarantee access to AU Canvas. It is imperative that you retain all carry-forward assignments, papers, or other deliverables that you created in previous OLMP courses.

Frequently Asked Questions (FAQs)

1. Why are we moving to ASU?

The eSchool of Graduate Professional Military Education was established on 1 October 2015 to transform, integrate, and replace one-size-fits-all Officer Professional Military Education (OPME) Distance Learning programs (SOS, ACSC, AWC, and the Online Master's Degree Program) with dynamic, modularized education providing student choice. Online education transformation for 31,000 enrolled OPME students is directly dependent upon robust, reliable, and flexible information and education technology. Arizona State University (ASU) has a proven capability to deliver online education at scale and complexity similar to the eSchool. Additionally, ASU was ranked the #1 most innovative School in the nation by U.S. News & World Report for 5 years in a row. ASU also has a proven track record for strategic partnerships focused on enhancing student learning through a culture of innovation in digital learning. Air University and ASU are partnering to vastly enhance the learning experience for OPME distance learning students.

2. Must I transition to ASU?

Yes, AU is transitioning distance learning to ASU for all Officer PME programs in a phased approach. SOS DL was the first program to transition to ASU in March 2020. OLMP is third and will transition in Fall A 2020. There will be no OLMP courses offered on AU systems after the transition is complete.

3. What happens during the actual transition (27 July – 23 August)?

During this period, student name, email as listed in AU Portal, AU ID, and completed course grades will be transferred to ASU to initiate account creation for OLMP students. ASU will use your Current Contact Email from AU Portal to contact you to complete your account creation. You can login to AU Portal and update your current contact email (https://auportal.sso.cce.af.mil/) — we recommend using a commercial email address to minimize the likelihood of DoD firewalls intercepting your onboarding message.

Please pay close attention to the following dates:

Timeline

- 26 July 2020 Final day to register for the Fall A term in the AU Portal. This is 1 week earlier than previously published.
- 26 July 2020 Final day to complete Summer B Orientation courses. Progress in incomplete Orientation courses will be lost.
- 26 July 2020 Final day to update Current Contact Email address (commercial email preferable) on AU Portal (https://auportal.sso.cce.af.mil) using a CAC. This is the email ASU will use to contact students for account creation.
- 27 July 24 August 2020 (Migration Window) During this migration window, no OLMP enrollments or course registrations will take place, and the OLMP Summer B courses will continue on AU Canvas. The end date represents our worst case scenario for data migration and validation. Be assured we will work towards minimizing the length of the Migration Window and will launch the OLMP program on the ASU system as soon as possible. We appreciate your patience. Summer B courses will NOT transition to ASU Summer B grades will be transferred to ASU after they are finalized.
- NLT 24 August 2020 OLMP students will receive emails from ASU (noreply-ulis@asu.edu) to their primary email, as listed in AU Portal, to set up accounts and continue their PME journey on the ASU learning environment. Be assured we will work towards an earlier launch if possible. Please check on our website (https://www.airuniversity.af.edu/eSchool/ASU-Canvas-FAQs/) for the latest information on the OLMP launch date.
- 24 August 2020 Course access opens for the Fall A term on ASU systems.
- 31 August 2020 Fall A courses begin on ASU systems.
- 31 August 2020 Registration for the Fall B term will open in the ASU system.
- 4. How do I log into ASU?

You will receive an email from the following ASU address: noreply-ulis@asu.edu. This email will provide a link to complete your onboarding at ASU. **NOTE:** the SSN field in ASU onboarding is shown by default, but you are not required to fill it in.

Before opening a help desk ticket, please check your Outlook Junk Email folder to verify your email
was not misidentified as spam.

- ASU recommends you use Chrome to complete the onboarding process (if it is not your default browser, you can paste the URLs from the email into Chrome). Older browsers, such as Internet Explorer, may not work properly with ASU's website.
- Some DoD email security systems insert "noclick" or "CAUTION" into URLs in emails from non-DoD sources. You may have to copy the URLs and manually remove this text in order to load ASU's onboarding page.
- 5. Can I register for OLMP courses during the migration window (27 July 24 August 2020)?

No, you will not be able to register for any OLMP courses during the migration window.

6. I am almost finished, can I just complete OLMP on AU?

Yes, but only if you can complete your final OLMP courses ahead of the timeline dates above. All OLMP courses after the transition will be on ASU.

7. Is this just a different version of Canvas?

No, this is not just another version of Canvas. ASU will provide a fully-integrated educational experience for you to access your program status, course registration, course content, and help desk services via a single sign-on within the ASU system.

- 8. Will I be able to access registration and courseware from a NIPR computer? Yes.
- 9. Will I be able to access registration and courseware from a personal computer? Yes, and neither a CAC nor the DoD Root certificates will be required.
- 10. What personal information will be transmitted to ASU?

Only your name, email as listed in AU Portal, and AU ID will be transferred to ASU to initiate account creation. ASU complies with federal regulations for protection of personal information.

11. Will I lose progress in the program by transitioning to ASU?

You will not lose program progress for OLMP courses already completed. OLMP Summer B courses will be transferred to ASU after the grades are finalized.

12. Where will my program records be kept?

Air University maintains the system of record for official transcripts. Student program and course completion records will reside with Air University. Course material, course progress and submissions, and basic student account data will reside in the ASU learning environment.

13. Will I need to access both AU and ASU systems?

<u>Current students</u>: You will not need to access AU systems once you have an ASU OLMP student account. You will be able to register for courses and complete all coursework within the ASU environment. See FAQ question 4 for details on how this process will work. You will not need to return to AU systems except to request official transcripts.

<u>New students</u>: OLMP applications will be disabled from 26 July until 24 August. New students wishing to enroll in the OLMP program will have to wait until the migration is complete, expected no later than 24

August 2020. You will then need to apply via the AU portal (https://auportal.sso.cce.af.mil) using a CAC. Once you are enrolled in the OLMP program and have an ASU OLMP student account (see FAQ question 4), you will not need to return to AU systems except to request official transcripts.

14. How do I get a transcript after I complete the program?

You may open a request to the AU Registrar via the AU Service Desk: https://auservicedesk.af.edu/. (A CAC is not required, but first-time users must create an account to use AU Service Desk.). Select "**Transcript Request**" after you log in to submit a request for an official transcript to the AU Registrar.

15. Will my program deadline change by moving to ASU?

No, program deadlines will not change. You will still have 5 years from the time you enrolled in the program to complete the OLMP.

16. Right now I have separate login/account for AUSIS, AU Canvas and AU Service Desk. Am I now going to have to deal with a fourth account for ASU, or fifth or sixth?

An AU Portal account (CAC login) will be required to enroll in OLMP. However, once enrolled in the OLMP program, you will not need to return to AU systems. ASU's system will have a single sign-on for course registration, courseware access to complete all coursework, and help desk services.

17. How do I enroll as a new OLMP student?

The OLMP application process is not changing. However, OLMP applications will be disabled from 26 July until 24 August. New students wishing to enroll in the OLMP program will have to wait until the migration is complete, expected no later than 24 August 2020. You will then need to apply via the AU portal (https://auportal.sso.cce.af.mil) using a CAC. Once you are enrolled in the OLMP program and have an ASU OLMP student account (see FAQ question 4), you will not need to return to AU systems except to request official transcripts.

18. Do I need to load additional software on my computer?

No, you will not need to load additional software on your computer. However, you may have a better user experience if you install and use a modern browser such as Chrome or the latest version of Edge.

19. Can I use my old ASU login account?

Yes. If you have previously been or currently are an ASU student you will use your existing ASU account. You must still complete the onboarding process via the link in the onboarding email. After which, there will be a link from the regular my.asu.edu portal to the AU student portal; so you can still access both AU and ASU resources.

20. If I still have questions about the OLMP transition, who do I contact?

You may submit a Service Desk Request to the eSchool via the AU Service Desk: https://auservicedesk.af.edu/ (CAC not required). AU Service Desk is not automatically connected to any of your other AU accounts. If you have not already used AU Service Desk, you must create an account to submit a request — we recommend you sign up with a commercial email. Select "Student Support" and then "Officer PME DL" to route your request to the eSchool.

21. I don't have a commercial email address. Can I use my .mil email?

Yes, you may use your .mil email address. If you have any issues receiving the ASU onboarding message, we ask that you check Outlook's Junk Email folder before submitting a Service Desk Request.

22. Does this mean my degree/diploma comes from ASU?

No. Your degree is still conferred by Air University. ASU is only hosting our courseware for a better student experience.
